## MOTOR STANDS

Model # **1250**

- Fully adjustable mounting arms, 360° rotation with all position lock
- Bolt-Together design for knock down and easy storage when not in use
- Electrostatically coated and baked for a long lasting drable finish
- Constructed from heavy gauge rectangular tubing for maximum rigidity
- "Pre-Load design" to lessen sagging when under load

MODEL # **1500**

### Bolt - On Oil Tray kit

Model # **OT-1**

Optional Oil Tray Kit is easily bolted on to any of the Canbuilt Motor Stands, to prevent the constant drip of oil and solvents onto the floor. Also provides a convenient place for tools and parts. Oil Tray easily bolts on or can be removed with engine on the stand.
