PARTS WASHERS

Canbuilt parts washers are built for many years of trouble free service as they are made with heavy gauge 16 & 18 gauge steel with an electrostatic powder coat paint process.

Standard Features:

- CSA Approved
- Fire Safety Lid, fused to drop and smother in case of fire
- Flexible Metal wash spout for all positioning
- Flow -Thru Parts washing brush included
- Solvent flows from spout and Brush at the same time
- Removable Parts tray keeps small parts from being lost

Approved cleaning solutions:

- Petroleum solvents (Varsol) with 140° F Flashpoint
- Water-based detergents- PH 6-13
