4400 LB MOBILE CRANE

Model # 4400P

FEATURES:

- Provides unmatched stability when under load, yet takes up much less space when not in use. Front legs telescope to provide greater load stability
- 8 Ton Air / Hydraulic power with Manual override. (Can be used either with air or manual pump) Hook and chain excluded.
- Front legs can be reversed to telescope back wards, and allow counter balance to be introduced to rear of crane for picking objects out of a well, below grade or where legs get in the way
- 6" swivel front wheels, 4 rear wheels allow easy movement around the shop. "Canadian Made Quality"
