CORROSION RESISTANT ROTARY PUMP

Model # **DC-ZE1014R**

Description:

This is a 2- vane rotary style hand pump designed to thread into the 2 inch bung opening on 15-55 gallon drums. The adjustable bung adaptor allows for easy height adjustment. Constructed from Polyphenylene Sulfide with FKM seals and PTFE gaskets, this pump is ideal for aggressive chemicals, chlorinated solvents, and hydrocarbons and more (consult chemical compatibility chart for specific compatibility concerns).

Features:

- Dispenses 1-gallon per 16 revolutions
- Lightweight and corrosion resistant
- 2- vane Rotary style hand pump designed to thread into the 2" bung opening on 15-55 gallon drums.
- Adjustable bung adaptor allows for easy height adjustment.
- Constructed from Polyphenylene Sulfide with FKM seals and PTFE gaskets, this pump is ideal for aggressive chemicals, chlorinated solvents, and hydrocarbons and more (consult chemical compatibility chart for specific compatibility concerns).
