HEAVY DUTY ELECTRIC/HYDRAULIC PRESSES

STANDARD FEATURES:

- Electric / Hydraulic operation provides smooth consistent pressing action
- Open sides facilitates work on long pieces
- Quality, Baldor motor & Low speed pump
- Self-locking table design eliminates lateral movement
- Double-acting cylinder allows pulling as well as pressing ram action
- Hydraulic power-lift table
- High capacity 15 gallon hydraulic oil reservoir
- Low pressure hydraulic system maintains lower oil temperatures, resulting in higher efficiency and safer operation

OPTIONALLY AVAILABLE

- Pressure regulator to limit the ram pressure.
- Variable ram speed allows for proper travel speed
- Foot pedal-electric solenoid valve
- Adjustable stroke control c/w foot pedal-electric solenoid valve
- Front security guard for operator protection.
- V BLOCKS matched pair.

Note: Adjustable stroke control not available on units with moveable head

MODEL # EH-250KW

AVAILABLE AS: 50T / 100T / 200T / 250KW
