## HYDRAULIC LONG RAMS

**Model # LSJ-8MCT**  
**Manual Hydraulic**

**Model # LSJ-8ACT**  
**Dual Control: Air / Manual**

These 8 Ton Heavy Duty, single piston rams are great for use on engine hoists, cranes, lifts, farm equipment, and many other applications. The hydraulic ram pump features a slow release function for controlled ram descent.

### SPECIFICATIONS

Model	Capacity	Min. Height	Max Height	Base Dimension	Volume of Hydraulic Oil	Shipping Weight
LSJ-8MCT	8 Ton	23 7/8"	42 3/4"	5 1/16" x 4 5/8"	700 ml	27.12 lb.
LSJ-8ACT	8 Ton (Dual Control Air/Manual)	24 1/4"	43 1/8"	8" x 4 3/4"	700 ml	30.86 lb.

Recommended oil: Mobil DTE 10 Excel 32 Zinc Free, ISO-32 or equivalent, i.e Catalys AW-32

**Errata:** On the printed user's manual, the base dimensions of the LSJ-8ACT are incorrect. The base dimensions on this sheet are correct.

**NOTE:** Please specify if the ram is for a direct replacement on one of our cranes. Previous ram models had a different bolt hole layout. To do a replacement a new Cylinder Base Plate is required. Part # SA-EC-7CT.
